

DNP Capstones and Other Student Works

- The Sigma Repository accepts works authored by students. As part of a participating school of nursing or independently. Both current and former student works are acceptable. No time limits! - Acceptable degrees: BSN (includes equivalent non-North American degrees) and above from an appropriately accredited program.
- In most cases students own the copyright to their works, so the student will need to submit their own work. [Download our copyright policy for more details.](#)
- Student are responsible for making certain that their submission conforms to the Sigma Repository's [Submissions](#) and [Content](#) policies. More information is available on the [Information Hub](#).
